Harborage Mounds Furnish Antiquities

Waterfront Property Improvements Uncover Some Valuable Relics.

In excavating in the Harborage tract and removing an old ranch house at 30th street, the excavators have found many relics of antiquity, proving that the Indian burial grounds are valuable in furnishing universities with rare specimens of pottery, the vertebrae of huge sea and land monsters that flourished around in that locality thousands of years ago. Harborage tract is being handled by Gignoux Bros. They are making extensive improvements on this property, and it is predicted by conservatives that Harborage tract will be the white meat of Richmond when waterfront holdings are fully improved.

New Apartments.

Many new apartments and homes are under construction in Richmond and contractors and builders are offering inducements to the man who desires a home of his own near his place of employment. Andersen & Burke, contractors and builders, are building fine apartments at 17th and Bissell to cost \$12,000, and have another one to build to cost \$14,000. This firm will also commence the construction of 12 residences and have an immense building campaign ahead of them. They are connected with T. Park Jacobs & Co., the enterprising real estate firm who are doing so much for the development of the eastern section of the city.

Hot on the Trail.

Chief of Police Arnold and his officers are looking for the four men who fled in a launch Wednesday evening under a rain of bullets from the guns of the chief's posse. It is believed that they are the gang who shot the game warden in Marin county.

The opera "The Mascot" will be given this evening at the Richmond Theatre.

The musical given by the Mendelssohn club this afternoon in Sequia hall was one of the charming events of the season.

W. W. Wright of the Mt. Diablo garage received a message yesterday announcing the death of his father, C. W. Wright, of Pittsburgh.

To Confer With Railroad Officials

City Officials Will Go to Los Angeles to Settle Tunnel Right of Way Question.

Harbor Engineer Haviland is completing data in regard to the land that will be required by the tunnel over the Santa Fe for the right of way for the municipal tunnel. When an agreement is arrived at with the railroad, condemnation proceedings can be agreed upon without delaying the work. Councilman Gerrard and City Attorney Hall will go to Los Angeles to confer with the Santa Fe officials. It is estimated that the city has expended to date \$20,000 in preliminary work, surveys, etc., and that several thousand dollars additional will be spent before actual work on the harbor improvements can be put under way. It is estimated that the tunnel exclusive of other work, will cost \$200,000.

POLITICAL POINTERS.

Mass meeting tonight at union high school, 23d near Macdonald.

Monday evening the Richmond Progressive Club will hold a political mass meeting. Good speakers.

The reactionaries are in the minority. Why not cut out your petty jealousy and vote for the best men.

The 100 club must be considered in the coming election. The membership is composed of representative citizens.

Hear the three candidates for city council tonight at union high school. They are W. L. Lane, F. H. Eggerth and W. Pictou, representatives of union labor.

Here are the entries for councilmen: W. J. Lane, R. H. Curry, Ed. McDuff (incumbent), William Pictou, J. J. Dooley (incumbent), E. Pieper, Fred Eggerth, J. F. Whittle, T. O. Carman, D. J. Sugrue, H. E. French, C. D. Lloyd, A. Sweeney and R. L. Fernald. There are 15 starters in the field, 6 of whom must qualify at the primary election to enter in the final contest May 12, when three are to be elected.

Chas G. Yonce & Co. are advertisers and know the value of quality advertising. The Terminal has quality readers. The newspaper with a policy, always standing for the right.

BOOSTERETTES.

Boosting inspires confidence. If you are an optimist, you have a valuable recipe for good health.

Twenty third and Macdonald is looking better every day. Belding and Younglove have nice offices.

Homes for the workingman are coming. Building contractors are offering special inducements, just like paying rent.

W. H. Sanford, the veteran real estate man, who has offices at 22d and Macdonald, is a valuable acquisition to that growing center.

A big brilliant streamer floats over Geo. S. Wall's Harbor Center tract on 19th near Cutting. This flag marks the civic center given by Wall to the city.

The Sixth street car line extension into North Richmond will cause a sudden rise of values in these attractive additions adjoining the manufacturing center. Those who have been fortunate enough to secure a home site there will have no cause for regrets.

Truman Addition to Richmond is now being put on the market and is going like hot cakes. Ralph C. Hoyis is the sales manager for the Trumans and that means get busy if you wish to get in on the most desirable property in North Richmond. This property is just west of Morsman & Keller tract and will have street car service second to none both electric lines looping through this portion of Richmond's industrial center.

Claude Gignoux, president of the industrial commission, has on exhibition at his office in the Lick building the ossified framework of a baby dinosaur taken from the mounds that are being excavated in Harborage at 30th street. The antediluvian find has a tiny brass bell, badly corroded from age, securely attached to the neck, proving that the animal was domesticated and a pet. It may have followed some little stone age girl to school "one day."

PERSONAL.

C. W. McMaster has returned from a week's vacation at Tucson Springs.

Will Norton, former Richmond high school boy, now attending the university, was elected president of Phi Delta Chi society.

A. C. Sheppard, chief conductor and local chairman of the Order of Railway Conductors, formerly of Fresno, is now established in Richmond.

M. J. Gordon, the real estate man with offices at 321 Macdonald avenue, is secretary of the O. R. C., the order that recently moved their headquarters here from Fresno.

Miss Ada Richardson, deaconess of the Wesley M. E. church, left for her home in Los Angeles Thursday. She was tendered a farewell reception Tuesday night at the home of Miss Amanda Blumquist.

W. F. Pettillon, well known business man of Richmond, has gone back to Kansas to visit old friends and sell Richmond real estate. He will return in June and engage in selling lots in the Richmond Woolen Mills tract with W. H. Sanford.

Mrs. Frank E. Adams has been honored by the local organization as a delegate to the State Federation of Women's Clubs which holds its annual convention at Fresno, April 29 to May 2. Mrs. E. H. Harlow, the president, will accompany Mrs. Adams.

CONDENSED LOCAL.

Frank Gardner, the real estate dealer, is building a cozy cottage at 1427 Nevins. This is one of the attractive residence sections.

Mr. and Mrs. T. R. McClure of 131 N. 9th are touring the San Joaquin valley. They will auto the Southland before returning.

Preparations are being made to commence work on the new Presbyterian church.

Baseball Season Develops Stars

Game Next Friday Between Professional and Business Men May Be Hot One.

The girls' basketball team of the Richmond high defeated Oakland 24 to 2.

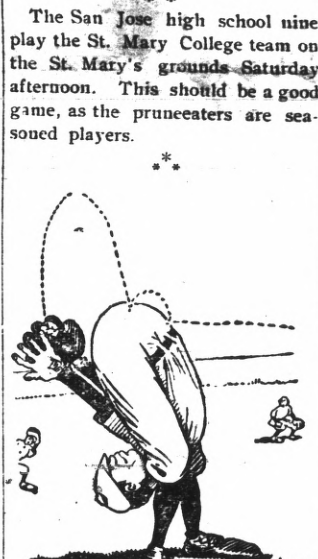

Mr. Delhi got his Tuesday from the Oaks. The latter simply eat up his offerings, scoring 13 runs. Coy getting two home runs.

Rev. G. A. White catching a hot one in the dines. Expected to practice games only. Not a grandstand play.

Hal Chase won the game for the Yanks Tuesday at Boston, scoring two out of the three runs made. It doesn't appear that Chase is not making good at second, when with an injured arm he can do this kind of high class playing.

The San Jose high school nine play the St. Mary College team on the St. Mary's grounds Saturday afternoon. This should be a good game, as the prunecaters are seasoned players.

Doc Blake Spotting a Fly. He is the only reliable Fly Catcher in the professional nine who play the business men next Friday. He also swats flies.

Catching Flies.

Health Commissioner Blake does not claim to be a professional ball player, but he can catch flies and swat them, too. No frog farm in the vicinity of Richmond can thrive, as the fly is part of the frog's diet.

Complaint is made in the department of physiology at Stanford university about the scarcity of flies to feed the frogs. The fly is almost eliminated from Palo Alto by health restrictions regarding closed garbage cans and clean stables. Richmond will soon be in the same category.

Inspecting Watershed.

A party of Richmond city officials, water commissioners, civil engineers and citizens motored over the Sobrante hills last Sunday and inspected the proposed watershed that is to furnish this city water for the new proposed system. Former city engineer, W. S. Farley, who is associated with Harbor Engineer Haviland, has been selected to take charge of the surveys for the new water system.

May Increase Capital Stock.

The stockholders of the California Wine Association will hold a meeting in June for the purpose of deciding on raising the capital stock from \$10,000,000 to \$20,000,000. Extensive improvements are contemplated.

The Terminal printed it for me.

Richmond Is to Be Better Lighted City

Light Committee Instructed to Investigate Various Streets.

Two members of the city council urged the installment of more lights for the illumination of the city's thoroughfares at the meeting Monday night. McDuff urged that a light be established on Cutting boulevard near the offices of the Richmond Navigation Co. Dooley requested that a light be put in on Laurel st., near the chemical works. Referred to light committee. Peoples Water Co. reported that they would lay mains in Chanslor and 12th. McDuff dwelt on the subway and thought this improvement had been delayed too long; he recommended that the matter be taken up and rushed through. Complaint was made that work was not progressing on Cutting. It was reported that the dredger would be returned in June when the work would be continued. Curb grades in Bay View Park fixed. Plans submitted for the improvement of 19th street from Macdonald to Clinton; resolutions of intention passed. Bids for the improvement of Buena Vista, Alameda, Nevada, Oregon, Idaho, Montana, and Choice way will be received April 27. Bids for improvement of 17th from Portola to Clinton, also 16th, will be received the 28th. Appraisers for the widening of 10th from Santa Fe right of way to Rancho San Pablo were appointed as follows: J. O. Ford, J. F. Brooks, H. W. Mergenthal. Two sets of appraisers were named for the widening of 23d, as follows: D. W. McLaughlin, H. A. Johnson, J. S. Chandler, Levi Boswell, H. H. Turley, J. R. Nystrom. A petition was received from Santa Fe ave. property owners asking for grade stakes between Piedmont ave. and Nicholl ave. Councilman Willis presided, Mayor Owens being absent.

Tideland Case.

The partition suit of the East Shore Co. vs. the Belt Line involving 600 acres of tidelands from Point Richmond to Point San Pablo will soon be settled. Judge Latimer appointed E. J. Randall of Martinez, E. H. Shibley, supt. of Contra Costa Water Co. and T. A. McMahon of San Francisco, referees, to partition the lands.

Notice of Trustees' Sale of Real Estate Under Deed of Trust.

Whereas, Laurence Prokash, a widower, did, under date of February 14th, 1910, make, execute and deliver to the undersigned V. L. Hatfield and Ferdinand Kohler, as trustees, a certain deed of trust conveying to them as such trustees all of the real property hereinafter described, for the purpose of securing the payment of a promissory note, dated February 14th, 1910, and other indebtedness in said deed of trust mentioned and which deed of trust was on the 18th day of February, 1910, recorded in the office of the county recorder of the county of Contra Costa, state of California, in Book 149 of Deeds at page 185 and following, and

Whereas, default has been made in the payment of the principal and interest on said promissory note according to its terms and the holder of said promissory note has made application to the trustees to make a sale of said property pursuant to the provisions contained in said deed of trust;

Now, therefore, in accordance with said deed of trust and by virtue of the authority vested in them by the provisions of said deed of trust and upon application as aforesaid of the owner and holder of said promissory note and because of the non-payment thereof, the undersigned a such trustees will on Friday, the 2nd day of May, 1913, between the hours of 12 o'clock noon, and 2 o'clock p. m. on said day, commencing at the hour of 12 o'clock noon, in front of the front door of the county court house of the county of Contra Costa in the city of Martinez, state of California, sell at public auction to the highest and best bidder for cash, gold coin of the United States, all of the said real property so conveyed to them by said deed of trust or so much and such parts thereof as they in their discretion shall find necessary to sell in order to accomplish the objects of said deed of trust and in order to satisfy and pay the amount due and unpaid on the aforesaid promissory note, and other indebtedness according to said deed of trust, together with the expenses of sale, counsel fees, trustees' fees and other reasonable expenses of said trust. The said real property so to be sold is the real property in the town of Richmond, county of Contra Costa, state of California, described as follows, to-wit:

Lots fifteen (15) and sixteen (16) and fractional part of lot fourteen (14) in block K. Nicholl subdivision of the town of Richmond, being portion of 104 forty-four (44) of San Pablo Rancho. Dated April 7th, 1913.

COLD IN THE HEAD

Is the First Chapter in the History of Chronic Disease.

A cold in the head is the first chapter in the history of disease and death. This has been so often repeated that there are few people indeed who have not witnessed many examples of it. A cold in the head is fairly severe enough to confine a vigorous person to the house. As a rule, it ends in recovery without any treatment. This has led many people to regard a cold in the head as of no importance. It is a terrible mistake, however, to pass by a cold in the head as a trivial matter. Every case should be treated.

Those who have used Peruna for such cases will testify unanimously that a few doses is sufficient to remove every vestige of the cold. How much better it is to treat a cold in this way than it is to allow it to run on for weeks, perhaps months, leaving effects that will never be eradicated.

Yet there are those who neglect to take Peruna for a cold in the head. This neglect is due to the false notion that a cold in the head is hardly worth noticing.

A cold in the head is in reality a case of acute catarrh. It ought to be called so, in order to awaken people from their lethargy on this subject. In a large per cent of cases cold in the head will end in chronic catarrh. Unless properly treated with home such remedy as Peruna, perhaps 50 per cent of cases of cold in the head will lay the foundation for chronic catarrh.

A tablespoonful of Peruna should be taken at the very first symptoms of cold in the head. Usually where the cold is not very severe a tablespoonful of Peruna before each meal and at bed-time is sufficient. It may be necessary, however, where the attack is more serious, to keep strictly in the house and take a tablespoonful of Peruna every hour. Younger people, feeble or delicate women, should take a tablespoonful every hour.

Sir Henry's Reply.

When the late Sir Henry Irving was entertaining at dinner at one of the Oxford colleges, he was asked by a student, "Are you a university man, Sir Henry?" "Oh, no," said Irving; "I keep a secretary who was." Bernard Shaw, when asked the same snobbish question, replied, "I never was educated in your meaning of the term. In fact, my education was interrupted by my school days."

When Your Eyes Need Care

Try Murine Eye Remedy. No Smarting—No Itching—No Pain. Murine Eye Remedy is a granulated eye medicine. It is compounded by our chemists—not a "patent medicine"—but used in each case as a "patent medicine" for many years. No dedication to the public and used by thousands of people. Murine Eye Remedy is a simple, safe, and effective remedy for all eye troubles. It is sold by all druggists.

From Boston.

A Boston housewife, who appears to have practiced that inquiry with distinguished success, told the judge before whom he was tried that when- ever he had a new sweetheart he would take her to a cemetery, show her a grave as that of his first wife, and then propose marriage. He was generally accepted.

Piles Cured in 6 to 14 Days.

Your druggist will refund money if PAXO OINTMENT fails to cure any case of itching, bleeding or protruding piles in 6 to 14 days. See advertisement.

Catch Phrase for the Drunkard.

An excellent catch phrase for the suspected drunkard comes from a tote totaller on Stratford-on-Avon. "He put his hands into his British breeches pocket." You may find that sentence in "Jane Eyre." But the most strenuous abstainer would find it a little difficult of pronunciation.—London Chronicle.

Runaway.

"I think old fellow," began Mr. Faubusman, "it is time you were planning to hunt for a wife." "To hunt for one?" replied the highly eligible bachelor. "You mean it is time I gave up avoiding one and allowed myself to be captured."

Easily Paid.

"Look here, sir," said the impatient creditor, "I am talking about that bill you owe me. Will you please pay a little attention?" "Surely," replied the carefree debtor, "that's easy. Only don't ask me to pay you anything else."

Happiness.

Happiness is mostly a state of mind; the most persistent slinger we ever knew was a farm hand who had to work fifteen hours a day.

DREAM CAME TRUE

Agnes Martin stood looking at a dainty waist displayed on a form in the shop window. It was dainty and fine, and with the delicate fold of the blue silk at the throat appeared to her the perfection of workmanship. She could only spare a few minutes; the big clock affixed to a pole at the curbstone told her that in fifteen minutes she would be expected to report for duty, and take up her work as a tiny cog in the wheel of the enormous machinery in the printing establishment of Hoffer & Hoffer.

She took a lingering, parting look and then hurried on; a heavy dampness in the air lent a depressing effect and served to add to the low ebb of her spirits. If she could only have a pretty waist once and dress up like other girls! A sign at a nearby theater caught her eye, but without thinking further of forbidden pleasures, she hurried on to her destination. Remembering her wraps in the stuffy dressing room, she moved quickly to her place at the machinery, where each day, in tiresome monotony, she contributed her small portion to the making of a big magazine.

Four o'clock came and Agnes paused for a few moments to brush the damp hair from her forehead and relax from her strained position. Just then the head of the department called to her: "Agnes Martin, some one wants to speak to you downstairs." Who could it be? Something out of her plain but clean shirtwaist, she hurried down.

"Hello, Cousin Agnes!" It was big Cousin Bob from the west; she had not seen him for five years—had almost forgotten she had a cousin; it was as though he had dropped from the clouds.

"Well, little girl, you haven't forgotten me, have you? I have persuaded them to let you off; get your hat and we will have supper somewhere downtown together."

Agnes hurried, after an embarrassed expression of thanks, her heart beating high with the unexpected pleasure, and soon returned dressed for the street. Her suit was plain and neat, but inexpensive. He gave her a sweeping, critical glance as they passed out.

"Can't we go to the theater somewhere after supper? You could phone home—I mean to the boarding house. He stammered, remembering that she had been an orphan for several years.

"Oh, Bob, I couldn't go this way," she faltered, looking down at her plain clothes.

"Well, there is no need to—aren't there any stores?" Her heart began to thump painfully—they were very near the store where she had admired the pretty waist. He halted before the window.

"This looks rather nice; let's go in here," he said.

Trembling, but happily expectant, she followed him.

"Show us some waists," he said to the saleslady, "something real fancy, like that one in the window."

Agnes was alternately hot and cold as a duplicate of the coveted waist was spread before her, and proved to be just her size.

"Now, you want some what gloves and some kind of a pretty hat." She could not help smiling at his keen sense of fitness.

Finally, the purchases made to his satisfaction he hurried her off to the rest room to prepare for the evening's frolic.

Agnes hurried away. Dear old Bob! So he had never forgotten his little cousin and had come back like a real fairy prince.

When she reappeared, her admiring cousin gave a long, low whistle.

"Well, well, Agnes, you certainly do look charming!" She smiled happily.

"And now for some supper and a good show."

They entered a brilliantly lighted cafe. It was Agnes' first experience, but seemed like a wonderful enchanted palace. The excitement brought a rich color to her cheeks and a sparkle to her eyes. He talked on and on. In the happy whirl of her excitement, she gathered that he had been quite successful—was going to locate in the east—in fact, this was just the beginning of the good times together.

The orchestra started to play a soft, sweet melody at the further end of the room. Agnes smiled amiably and the bright light in her eyes deepened. It was playing "When Dreams Come True."—Flora Dell, in the Buffalo Express.

Easy to Satisfy.

Pasting was no hardship to Dr. Johnson. He enjoyed his food when he had it, and was content when he hadn't. "I never felt any difference upon myself from eating one thing rather than another," he said. "There are people, I believe, who feel a difference, but I am not one of them; and as to regular meals, I have fasted from the Sunday's dinner to Tuesday's dinner without any inconvenience. I believe it best to eat just as one is hungry, but a man who is in business or a man who has a family must have stated meals."

Small Diseases.

"Oul, madame is ill, but ze doctor haf pronounce it something very trifling, very small," said the French maid to an inquiring friend.

"Oh, I am so relieved, for I was really anxious about her," replied the friend. "What does the doctor say the trouble is?"

"Let me recall it. It was something very little," answered the maid. "Oh, I have it now! Ze doctor say that madame has ze smallpox."

Leather Polish.

To make a polish for patent leather, make a mixture of one part linseed oil and two of cream. Mix it thoroughly and apply with a dandelion, after removing every particle of dust from the shoes. Then rub the leather with a soft cloth.

An Incidental Proof.

"He certainly is an ill-tempered man." "Yes, ever in his tastes. I've never seen him ride in anything but a sulky."

AQUATIC

The eastern intercollegiate rowing races at Poughkeepsis, N. Y., on the Hudson river, will be held on June 21, a day after the Yale-Harvard contest on the Thames at New London. In order to allow for the entrance of the Middles, who are only permitted to race over the Henley distance, the American Rowing association has put a special four-oared event in the Schuylkill regatta to be known as the "Naval Academy Cup."

BILLIARDS

Pocket billiard records under the new rules fall into autumn leaves. Morton Phillips' high run of 74 had hardly held good for a week before a new one at Decatur, Ill., with 78.

After his billiard match with Orlando Morningstar for the 18.1 balk-line championship at Pittsburgh, Willie Hoppin will sail for Paris to play in an international match with Firmin Casaglion, one of the most expert players in France.

WRESTLING

Zbyszko threw Hans Leonhardt twice within thirty minutes at Newark.

At Hot Springs, Ark., Marvin Ples-tina defeated War Eagle, a Sioux Indian, in the third fall.

Frank Gotch, world's wrestling champion, emphatically denies all reports that he was about to re-enter wrestling.

Max Luttbeg, lightweight wrestler, won two falls from George Cut-lanow of Rochester, N. Y., in a catch-as-catch-can match at St. Louis.

William Demetral of Chicago lost a handicap wrestling match at Michigan City when he failed to secure a fall in sixty-five minutes after undertaking to throw Hasson Solum, Turk, twice in an hour.

PUGILISM

Jim Jeffries has denied the report that he would return to the ring. Bay Wood and Tommy O'Keefe fought a ten-round draw at Salem, Mass.

Johnny Marto of New York met defeat at the hands of Tommy Howell a Philadelphia.

Al Delmont of Boston had a slight shade over Patsy Brannigan in eight rounds at Windsor.

Jess Willard has all the qualifications for a champion. He even refuses to train for fights.

Aggressiveness won the referee's decision for Marty Rowan in his bout with Art Magril of St. Louis.

Frankie Daly of Pittsburg and Willie Houck of Philadelphia fought six fast rounds to a draw at Philadelphia.

The Dixie "Kid" knocked out Hulls of Belfast in the sixth round of a fifteen-round contest at Plymouth, England.

Willie Ritchie now demands \$20,000 to battle McFarland. It would be worth that amount to lose a championship.

In a fast and interesting ten-round bout, which went the limit, Willie Jones outpointed Young Driscoll at Brooklyn.

Tommy Burns says he will tour the country if he doesn't get a match with either Luther McCarty or Bombardier Wells.

Joe Mandot has shifted managers, and henceforward will be under the charge of Tommy Walsh, a New Orleans promoter.

Colorado has knocked out the fight commission measure. The state senate refused to pass the bill. Montana passed a fight bill, and it is now up to the governor.

BASEBALL

Ed Walsh has asked Manager Cal-lahan to allow Ray Schalk to catch all the games he pitches this season.

Vice-President Barnard of Cleveland believes that Joe Birmingham will make good as manager of the Naps. Manager McGraw avers that the Giants will have one of the strongest pitching staffs in the National league.

Manager Joe Tinker has announced the purchase of Frank Davis of the Georgetown university baseball team.

George Mullin, the veteran hurler at the Detroit Tigers, is in fine shape and says that he expects a great season on the mound.

Frank Laporte, whom Manager Griffith purchased from the Browns last season, is slated to start the season at second base.

Newark of the International league has signed a second-base candidate who stands six feet two inches. He is a semipro from Gloucester, N. J.

A pitcher Drohan, secured by Clark Griffith late last season, won twenty-four out of thirty games, and gives promise of being a valuable man.

Umpire Billy Carpenter, over whom the Southern and International leagues have been disputing, will remain a member of President Barrow's staff.

Baltimore fans have been asked to vote on Briscoe Lord and Ben Houser for the position of field captain of the Orioles. Both are former Athletics.

Jeff Teareau is going to marry the phone girl who kept his family tipped off on the progress of the world's series. Her name is Miss Clara Young.

Chick Gandil believes a scout ought to earn his salary, and has Mike Ka-hoe scouting around Washington for him, looking for a real boarding house. Amherst baseball candidates are out in full force. Daily practice finds good material for nearly every position. Coach Davis has the team in charge.

MANAGER JOHN M'GRAW.

New York fans are quite confident that the Giants will again win the National league pennant this year. McGraw has picked up several clever recruits and they, together with the veterans, are all reported to be in top condition.

FOOTBALL

Preliminary football practice has been started at Princeton. Thomas Wilson, line coach of last season, and Arthur Bluthenthal, varsity center, are directing the work of the hopefuls.

Lewis Hardage and Wilson Collins, both Vandy football stars, have declined all offers to enter professional ball. Had Hardage accepted, it would have made little difference to Vandy now, since he is through, but Collins' resolution was hailed with joy by the commodores since it ensures a star for the back field next fall.

HORSE RACING

There is talk of Cleveland trying a two weeks' meeting in the grand circuit.

Baron Wilkes, now thirty-one years old, is nearing the end, having failed very much this winter.

The Canadian half mile tracks announce thirty-nine purses of \$1,000 apiece to be raced between June 4 and July 25.

Knap McCarthy, in addition to Derby, 2:09 1/4, by Norval, will train King Brook, 2:07 1/4, and Brook King (4), by the same sire, this season.

Akbar, by Aquilin, 2:19 1/4, son of Blingen, 2:05 1/4, that received injuries at Lansing, Mich., last season, has been sent back to Ed Geers to race in 1913.

Baron Aleyon, winner of the \$30,000 trotting derby at Boston a few years ago, now is a hobbled pacer and booked his first win as such at Montreal.

Trenton, N. J., has dropped out of the Metropolitan circuit. So has Flemington, N. J. Poughkeepsie and the Empire track, N. Y., were added last week.

If Ralph Lasbury of Broad Rock, Conn., succeeds in buying Earl, Jr., 2:01 1/4, he will place that fast gray in the hands of Ed Fitzmaur for a campaign down the big line.

The death list of 1912 included twelve trotters and twenty-four pacers to the 2:10 list, Major Delmar, 1:59 1/4, being fastest of the trotters, and The Bel, 2:02 1/4, the fastest pacer.

MISCELLANEOUS

The All-Hawaiian polo team has arrived in California and will compete in tournaments there.

Dr. Albert Sharpe coached the Cornell basketball team, which landed in first place in the Eastern intercollegiate championship this season.

Because Don Lippincott, a Pennsylvania in the service, has his sense account on a trip to New York, he has been summarily suspended by the A. A. U.

Judges at the New York Kennel show became confused in their awards and in one or two instances gave prizes to dogs they had previously rated below others.

Johnny Gold, captain of the Wisconsin track team, smashed both the conference and world's indoor pole vault by going over the bar at a height of 12 feet and 6 inches.

Mauthe, one of the quintet of Penn stars who will never again wear the colors of the college because they graduate this June, has been elected to coach Gettysburg next fall.

Lawson Robertson of the Irish-American Athletic club is prominently mentioned to succeed the late lamented Bill Quinn as head trainer of the Harvard track team.

While her hockey team was losing the intercollegiate championship at Cambridge, Yale's swimmers captured the title in the tank at Princeton and set a new record for the relay event.

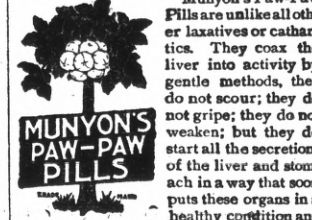

John F. Mookley, head coach of the Cornell track team, advocates the abolition of the hammer throw and the substitution of the three-mile run for the two-mile intercollegiate event.

Tom Keedy, who coached the Lehigh team that produced Vincent Pat-tett last season, has received a letter-calling offer from Swarthmore to succeed Brooks and has also been tendered offer to coach Williams or Bow-doin and the assistant coach position at his alma mater, Dartmouth.

Carl Solberg, St. Paul, won first place in the annual tournament of the Duluth Ski club, scoring 355 2-3 points. Harry Landry, Duluth, was second with 261 points. Jas Bligen, St. Paul, made the longest standing jump, leaping 121 feet.

Abel Kiviat stands out today as the best distance runner in America. He has not lost a big race since being defeated in the 1,600-meter at Stockholm along with other stars, has battered the indoor three-quarters and mile records, and is now looked on as the most probable candidate to beat John Paul Jones' marks in the spring.

CONSTIPATION

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods, they do not scour; they do not grip; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation.

Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it. Price 25 cents. All Druggists.

Tallest Soldier in France. Among the new conscripts of France is Antoine Cros who measures more than six feet six inches. He has not yet attained his full height. When he began his military service he was asked in what branch of the army he wanted to serve. "In the aviation corps," he replied proudly. "Why?" was asked. "Because I am not subject to dizziness and then I am accustomed to see things from above."

Distemper. In all its forms, distemper of horses and dogs, cured and prevented in the same manner by preventing the disease with Spohn's Distemper Cure. Every bottle guaranteed. Price \$5.00, bottles sold last year, \$2.50 and \$1.00. Good druggists, or send to manufacturers. Agents wanted. Write for free book. Spohn Med. Co., Spec. Contagious Diseases, Goshen, Ind.

Music and Mosquitoes. In some parts of India, where mos- quitoes abound, it is impossible to play the violin because the music at- tracts the insects in great numbers. When the first notes are heard the mosquitoes swarm in clouds around the player and make the movements of the hand impossible.—Harper's Weekly.

Wife's Device. A Caney man received several let- ters threatening his life in case he was seen on the streets at night. As a consequence he didn't venture out after sundown. Postoffice inspectors discovered that the letters had been written by the man's own wife. It was a way she devised of keeping him home nights.—Kansas City Journal.

Nails Protect Piling. Some of the piles in use in Amster- dam are 300 to 400 years old. That part which is not in the ground is often bored by a pile worm near the surface, but is preserved by driving in nails with very large heads, so as to give the pile an iron coating. This coating is then transformed by the water into a layer of rust, which pro- tects the wood from the pile worm. This process must be repeated every fifteen years.

When Solts Cease to Produce. The trouble with soils when they cease to produce as they did when new is not that the elements of plant food are actually exhausted from the soil, but the necessary forces for the liberation are exhausted. One of these forces is bacteria. It is esti- mated that in the common soil there are 150,000,000 bacteria to the cubic inch. These bacteria must have for their food, humus, then they will liberate food for the growth of plants. To be a good farmer one needs to grow le- gumes and other cover crop plants to turn under for humus, and to en- courage these beneficial bacteria to perform their functions in the soil.

Fertilizing Apple Areas. A Maine farmer orchardist had sev- eral apple trees along the stone wall. The trees were not considered of much value until the owner plowed the field for a crop, fertilizing it heavily and giving it liberal cultiva- tion. The trees got their share of the benefit and produced apples last year worth \$285. Another old neglected Baldwin tree was plowed and fer- tilized, and it responded with a crop of apples that sold for more than all the corn raised on the acre of ground where the trees stood.

Bran As a Food. Bran is one of the best foods the laying stock can have. Being rich in protein it helps the hens to digest the other foods. It is also one of the best preventatives against diarrhea. Always keep a hopper full hanging in the house or run, so that the birds can help themselves as required. Bran is equally good for the young stock, as it is one of the best nourishing materials obtainable. It is wonder- ful how quick the chicks take to it.

Fattening Market Fowls. To fatten poultry for market, re- move them from the yards and place, without overcrowding, in a coop which should be provided with a canvas cover to draw down and keep the in- mates in darkness. Do not feed for about six hours after placing in the coop, and then feed all they will eat. Feed three times a day, and keep fresh water and a basin of grain al- ways before them.

For Skin Disorder. The following powder given each day is said to be good for skin dis- order in horses: Finely powdered iodine of potash, 4 ounces; granu- lated sugar and common salt, of each 1 pound. Mix well together and di- vide into thirty-six powders. Feed no corn, but let the grain feed be oats and wheat bran. Use liniment of iodine on the lumps every second day until the skin becomes a little tender.

Fourth of July is almost here.

Is the red light abatement bill "freak legislation?"

Nat Goodwin excels in the character of Fagin. Nat can deliver in other roles, also.

Is the anti junction bill "freak legislation?" Ask the dinner pail brigade, not the San Francisco Chronicle or Town Talk.

The hat makers have at last put one across. The flat crowned derby so popular in vaudeville work by German and Hebrew comedians, has come back. The low browed derby was all the rage in the eighties, but finally went to the ash can, and it was thought could never be resurrected except for "low bridges." The low-crowned lid is the correct form, if you would be in style.

Wisconsin is a progressive state and the badgers are keeping abreast of the times. They believe in giving the schoolhouses back to the people. In pioneer times the schoolhouse was the natural meeting place of the people. The schoolhouse was the civic center. How many parents ever see the interior of a schoolhouse, the place where their children receive their educational training for after life?

Roosevelt says school boards should furnish lunch for school children at not less than cost of raw material. Teddy tested the lunch consisting of a cup of bean soup and one egg at the East Side grammar school in New York at a cost of two cents and pronounced it "fit for a king or a president." The lunch was served under the auspices of the child life committee of the progressive party.

The clever plan of the bosses to pass assembly bill 852 which provides for typewritten indexes to great registers instead of printed ones should be defeated. If the indexes were typewritten the supply would be so limited that the few copies would drift into the hands of the political trickster, who would be able to lay his plans accordingly. The newspapers would be powerless, as they would not be able to get an index.

Every reactionary who can spout and spiel is working the ridicule subterfuge about "freak legislation" and knocking because he is deprived of special privileges which he enjoyed under the old order of thing. California is the banner progressive state of the union. The reactionary element of the old parties are in the small minority, and with the Los Angeles Times and the San Francisco Chronicle as reactionary standard bearers, the "freak legislators" need have no fear. The people are behind them in solving the problems of society and are well pleased with their efforts to improve conditions as they are today in California.

Governor Johnson in his speech Saturday night in Scottish Rite Hall, San Francisco, said: "Don't be troubled when a newspaper raises the cry of 'freak legislation,' or 'crank legislation.' Don't worry when trust organs like the Chronicle, the Post and the Los Angeles Times, or other papers of that sort may indulge in ridicule in the hope of accomplishing the downfall or in the hope of ridding the state of a legislature which has undertaken the solution of serious problems of society as seriously and well as any legislature which ever sat in any State in the United States. Maybe, these gentry of the Chronicle and Town Talk represent the sentiment of San Francisco. (Cries of 'No!') It may be if that particular measure is submitted to a vote in San Francisco alone might be overwhelmingly defeated. But let me say if it were submitted to the people outside the city, it would win enthusiastic endorsement by a vote of at least 5 to 1 of the entire state."

Tax Rate Amendment.
The city council instructed City Attorney Hall to go to Sacramento to assist in aiding the passage of the Richmond charter amendment. Mr. Hall performed the mission and reports favorably, stating that the amendment will pass.
